CALL FOR NOMINATIONS

Outstanding Contribution Award

The award is to recognize volunteerism for our students in the school and our community. We are seeking nominations from the public. If you know of a community member who volunteers their time in a positive way towards MMS students, please send their name to the school to help us recognize them.

The closing date is May 28. This award will be presented at the school's award night in June.

Any questions or names, please forward them to Shannon @
